

## FIRE RESCUE SCIENCE TECHNOLOGY

What is

Fire Rescue Science Technology?

Firefighters and emergency rescue responders are ready to risk their lives for others every day. Do you have what it takes?

OCTC's Fire & Rescue Science Technology

Program can prepare you for the many

challenges you will face as a first responder in this

rewarding field. The program includes courses in fire prevention and suppression, technical rescue, emergency medical care and much more. Our students benefit from excellent instruction as well as hands-on activities. This program is designed for those hoping to start a career in emergency services as well as those who are working in the field and want to upgrade their skills.

### Job Outlook

If you want to work at a fire department, emergency medical service or emergency management agency, this program could help you find the job of your dreams. In Kentucky, firefighters earn an average salary of \$34,780 while

emergency management directors earn \$39,726.\* Wages vary according to area of specialization.
