

SURGICAL TECHNOLOGY

What is Surgical Technology?

Do you want to help save lives? Do you do your best work when the pressure is on? A career in Surgical Technology may be for you!

Surgical technologists

are integral members of medical teams who work closely with surgeons and other medical professionals in multiple settings, including offices, surgical centers, and hospitals. After completing prerequisite courses that include an in-depth study of anatomy, physiology, and microbiology, students admitted to the program learn through hands-on experiences in the classroom and on-site at clinical facilities. A minimum grade of "C" is required in all program courses.

Programs are accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 1361 Park Street, Clearwater, FL 33756; (727) 210-2350; www.caahep.org and graduates are eligible to take the certifying examination offered by the National Board of Certification for Surgical Technology and Surgical Assisting (NBSTSA).

Job Outlook

Surgical Technology is one of the fastest growing fields in the nation. Our aging population needs surgical services more than ever, and advancing technology allows surgical technologists to assist with more procedures. In Kentucky, surgical technologists earn an average annual salary of \$36,919.* Wages vary
